STEM challenge

CONSTRUCTION CHALLENGE: CATAPULT

Materials:

Spoon

Elastic band

Popsicle sticks

Wad of paper

Instructions:

Plan, design and construct a catapult using a spoon, rubber bands and popsicle sticks. Test and measure its projection. Modify and evaluate our design after constructing.

the3engineers

STEM challenge

Test your design. Did your catapult project your wad of paper? Make modifications if required.

Rate your design:

What did you like about your design?

What would you do to improve it next time?
